

## Doctoral Programme in Exact Sciences (EXACTUS) University of Turku Graduate School (UTUGS) fixed-term doctoral researcher positions under an employment contract

The EXACTUS doctoral programme uses a matching funding model, in which the University of Turku Graduate School (UTUGS) funding can be granted for a maximum of 24 months per Doctoral Researcher. The applicant can apply for a funding period (funded doctoral training position) of maximum 48 months from the EXACTUS doctoral programme. Of this funding period, maximum 24 months of this funding can be UTUGS funding, and the rest of the required funding (matching funding) must be arranged together with the Doctoral Researcher's supervisor and the Department.

The EXACTUS steering committee has proposed the following applicants for a fixed-term funded doctoral researcher position (in alphabetical order by surname):
