

SUGGESTION FOR A GRADE OF THE THESIS

The opponent is asked to answer the following questions and return the appendix form with the free-form statement.

Opponent: _____

Doctoral candidate: _____

Title of the thesis: _____

The Faculty Council will grade the thesis on the basis of the opponents's and reviewers' statements. Three different grades are possible: **approved**, **rejected** and **approved with distinction**. Only if the thesis is of exceptionally high quality, a distinction may be awarded.

I suggest the above mentioned thesis will be graded as:

- approved
- rejected
- approved with distinction

If the opponent suggests the grade "approved with distinction", he/she should give a short explanation, why the thesis is worth the highest mark.

The thesis deserves a distinction on the following grounds:

Date

Signature
