

# Sustainable Mobility Development at the University of Turku 2021-

Petri Pulli

Facility management assistant

Campus services

10.9.2024

TURUN  
YLIOPISTO

# Bicycles

- Completed bicycle parking areas at Aurum and Professorinkuja (2021/2022)
- Bicycle storage with frame-lock stands equipped at Agora for staff (2022)
- Bicycle pumps available for loan at the campus information points (2022)
- Design and painting of street surface signs guiding to bicycle parking areas on Turku campus (2024)

**Polkupyörien pysäköinti  
Bicycle Parking**

- A map listing bicycle parking facilities on the intranet and public websites (2023)
- Addition of covered and uncovered frame-lock stands on the Turku and Rauma campuses (2024)

**Perustelineet  
Basic Racks**

**Katetut perustelineet  
Covered Basic Racks**

**Runkolukitustelineet  
Frame Locking Racks**

**Katetut runkolukitustelineet  
Covered Frame Locking Racks**

- Actions by the City of Turku: transforming nearby routes to be bicycle-friendly (Rehtorinpellonkatu bicycle street in 2023 and Inspehtorinkatu village road in 2024)
- Rehtorinpellonkatu bicycle parking and bike maintenance/wash station (2024)
- city bike stations near the campus

# Electric scooters

- Streamlining scooter parking and innovating parking solutions:

Establishing designated parking and no-parking zones in operators' apps [GPS boundaries] and installing traffic signs indicating scooter parking areas on the Turku and Rauma campuses (2022)

- University scooter no-parking and parking areas added to the City of Turku's Service Map (2022) Service Map ([turku.fi](https://turku.fi))
- University's own scooter parking rack at Publicum (2022)
- Painting of scooter parking spaces on the Turku campus (2024)
- Actions by the City of Turku: collaboration with operators; installation of scooter racks and parking spaces near the campus

# Cars

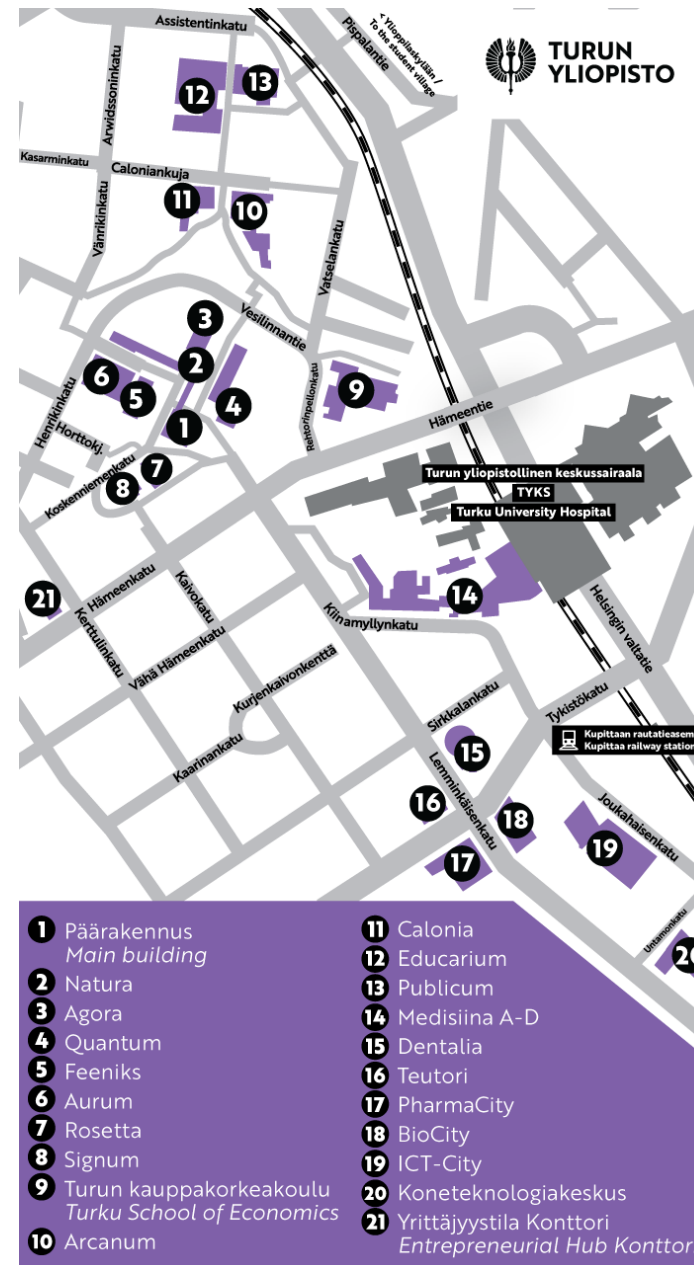

- Day parking as an alternative to monthly permits (2022): staff members who drive to work less frequently can purchase a daily parking permit [€2.50/day]
- Mapping of accessible parking spaces on the Turku and Rauma campuses for the Automobile and Touring Club of Finland's mobile app (2022)
- Electric vehicle charging stations available for staff use in Agora's upper garage (2022)
- Merging of staff parking zones on the Turku campus (2023): parking is now allowed across the entire campus with the same permit

- Survey on commuting conditions for staff (2024)
- Updated Turku campus map for the university's public website and intranet (2024)
- Outdoor furniture, such as table sets and benches, for the Turku campus (2024)

# Future developments

- Outdoor gym for the Turku campus (2024)
- Electric vehicle charging stations for the Turku and Rauma campuses (2024)
- Addressing the development areas identified in the staff commuting survey by forwarding them to the appropriate responsible parties within the university (2024)
- Rebuilding the Parking page on the intranet (2024/2025)
- Commuting survey for students (2024/2025)
- Föli (local public transport) schedules on lobby displays
